Note / Instructions

- For the best experience, please follow the project setup and execution instructions carefully.
- If any issues occur during testing, kindly ensure all steps are properly followed before proceeding.
- In case of persistent problems, feel free to contact for support on Mobile:8623988058

Loading Notice

- Please wait a few seconds while opening the website for the first time.
- Since the project is hosted on Render, the initial load may take some time as the server wakes up.

Thank you for your patience and understanding.
